

FRANGIPANI

Turnkey Villa Collection

From USD 650,000

Frangipani Villas OVERVIEW

The Frangipani is built for those who want to feel genuinely away. Perched on the cliff face of Samara Bay, these two-bedroom villas sit high above the ocean with views that stop you in your tracks.

The ground floor is given over entirely to entertaining — an open-plan kitchen and living space that extends onto a spacious pool terrace overlooking the ocean. The upper-level houses two generously sized bedrooms, each with its own en-suite bathroom. Compact in footprint but luxurious in every detail, the Frangipani is more than you will ever need from a holiday home — and exactly what you will never want to leave.

Situated within walking distance of the Clubhouse — home to four of Samara's finest dining and bar experiences — Frangipani is the perfect home for those wanting to be at the social heart of the resort.
